Hello and Welcome to Happy Valley fellow dairy enthusiasts! It is a great honor and privilege to have you here today at the 42nd Annual Nittany Lion Fall Classic Sale! Every year, the members of the Penn State Dairy Science Club work tirelessly to ensure that this sale serves the best interest of the consigners, buyers, our organization, and all others involved with the success of this prized event. Preparing for this sale involves early mornings, late nights, and countless hours dedicated to cattle care, and a team of individuals who are not only eager and willing, but also highly resilient and able to tackle any challenge that is presented. The Nittany Lion Fall Classic serves as a symbol of the passion and dedication that our members have for the dairy industry! Within the Penn State Dairy Science Club, it is our mission to provide students with the opportunity to gain new skillsets and knowledge within the dairy industry but also apply their own! We are truly blessed to have students with a wide variety of backgrounds, talents, and interests that keep our beloved organization working towards the future of agriculture! It is because of this that the Penn State Dairy Science Club can continuously put together a highly successful sale each year. However, this event would not be possible without the incredible leadership of some outstanding individuals. I would like to extend my sincerest gratitude to our sale chairs Sara Reed and Nicole Arrowsmith. These chairs have invested a substantial amount of time to ensure that the Nittany Lion Fall Classic is the highest quality sale possible. I would also like to recognize our barn manager, Alex Coursen, for his ability to ensure that we had all needed supplies and that cattle were receiving the best care possible. I would also like express great appreciation for Mr. David Lentz and the Pennsylvania Holstein Association for their continued work with the Dairy Science Club to assist the sale chairs in putting together an excellent sale. Additionally, I would like to extend a huge thank you to everyone who donated meals, supplies, and financial support to the Nittany Lion Fall Classic. This sale would not be possible without the gracious generosity and support of those who care deeply about the Penn State Dairy Science Club. As you are walking through the barn and going through the catalog, we are hoping that you are able to find a nice addition to your herd! We appreciate your continued support of the Nittany Lion Fall Classic Sale to ensure its annual success! Your support of this sale not only benefits the Penn State Dairy Science Club but is ensuring a strong and sustainable future for our members and the dairy industry!

**All the Best,
Jay Bratton
2025 Penn State Dairy Science Club President**

Fall Classic SUCCESS

We extend our congratulations to the new owners of these exceptional cattle that have sold through Fall Classic in recent years, and we commend your efforts in developing them into highly successful individuals. We are sincerely grateful to the consignors who continue to entrust us with their most valuable offerings. We wish each of you continued success with these remarkable animals!

Feed your dreams.

Like everything that's important, your dreams need feeding. Cargill has been helping feed the dreams of dairy families for over a century. Our technical specialists work directly with you to understand your cows' nutrition needs and analyze your inputs. Then we apply 150 years of nutrition and research insights to fine-tune diets—well beyond ingredient lists and run-of-the-mill solutions. It's the best combination of lifestyle and herd performance. It's how Cargill helps dairies *thrive*.

HOLSTEIN ASSOCIATION TERMS AND CONDITIONS FOR PUBLIC SALES

EFFECTIVE MARCH 2, 1996 - Amended October 1, 1997, June 28, 2000, June 23, 2002, and March 26, 2010

TERMS: The terms of the sale are cash unless arrangements are made prior to the sale or are printed in the sale catalog. Only when the above conditions are met will the buyer be entitled to the warranties listed below. In no case will animals be released unless settlement is made with the clerk of the sale.

RESPONSIBILITY: The seller, buyer, and manager of this sale are obligated to comply with the provisions of these terms and conditions.

EXPORT SALES: Buyer assumes all responsibility for health tests required by the importing country.

BIDS: The highest bidder is the buyer. Bidding parties or their agents are responsible for all bids placed. Every animal or lot presented for bidding is pledged to absolute sale. In case of dispute, the animal or lot will again be put up for advance bids, and if there is no advance bid, the animal or lot will be sold to the person the auctioneer accepted the last bid from. In case two or more claim the bid, the auctioneer will indicate the party whose bid he recognized. Other claimants will be given an opportunity to increase the bid and bidding will be restricted to the two or more claimants.

BY-BIDDING: Bidding directly or indirectly by the sole owner of any animal or lot is prohibited unless the intention to bid is disclosed specific to each animal in the catalog and announced when the animal enters the ring. Bidding by any member of a partnership, syndicate, or other entity having an ownership interest in an animal or lot is permitted.

TRANSFER OF OWNERSHIP: For all Registered HolsteinsSM, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA and a certificate of registration showing that transfer of ownership will be provided to the buyer free of charge. For embryos, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA free of charge to the buyer.

RISK: All animals located at sale site are at the purchaser's risk as soon as struck off, but will be cared for free of charge for a maximum of 24 hours following the end of the sale.

WARRANTIES:

- 1) Each consignor warrants clear title to the animal or lot, and the right to sell same.
- 2) To the best of the seller's knowledge, each animal is sound and healthy in every respect and embryos have been recovered, processed, frozen, transferred and graded in keeping with IETS recommendations unless otherwise noted in the catalog or announced from the auction stand. Every precaution will be taken to represent the physical condition of each lot exactly as is known. Examination of all purchases should be made immediately after the purchase and before the close of the sale, and if found not to be as represented, complaint must be reported to the sale management before the close of the sale. In the event no complaint is filed, it is understood that the buyer assumes full ownership in the case of animals at sale site together with all risks, after which no representations of the seller can be challenged through the sale management. Heifers that never calved are in no way guaranteed as to the condition of their udders following calving.

3) Breeding Warranty

The seller guarantees all animals to be breeders, but not beyond the purchase price, with the following understanding:

- a. Males - Should any bull after reaching the age of fourteen months fail to prove a breeder after being used for two months on cows or heifers known to be breeders, the matter shall be reported in writing to the seller within three months of the sale date. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed,

by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller. The seller makes no guarantees with respect to the ability to freeze semen.

- b. Females - All females are guaranteed to be breeders with the exception of:
 1. Cows over 7 years of age when sold;
 2. Cows and/or heifers carrying a pregnancy that is the result of an embryo transfer.

Report of a non-breeder must occur in writing within 3 months of the date of sale or before the animal reaches 21 months of age and must be submitted to the seller. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed, by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller.

Females bred when sold and pronounced in calf are presumed to be pregnant but pregnancy is not guaranteed unless so announced. The seller makes no warranty that pregnant cows will deliver calves or that they will carry calves full term.

- c. If, after the sale, embryos or oocytes are recovered from a female or an attempt is made to superovulate her, this negates the breeding warranty unless there is a separate written agreement between buyer and seller.

SHIPPING: Assistance will be given in arranging shipping of the animals after the sale. All costs, risks and responsibility will be borne by the purchaser.

PEDIGREE INFORMATION: All production, classification, type and production summaries are current. Only information recorded on Holstein Association USA pedigrees is used. Any production or classification records supplied by the seller or consignor will be properly identified as provided by owner. Records in progress are identified as such.

GENOMIC INFORMATION: If genomic information on the animal or embryo is available, it must be dated and disclosed at or before the time of sale.

EMBRYO TRANSFER: All registered animals that have resulted from embryo transfer are identified with one of the following suffixes in the name: ET, ETS (from split embryo), or ETN (from nuclear transfer). If unregistered, the appropriate technology will be identified. Donor dams are identified.

HEALTH WARRANTY: The seller will provide an official health certificate to the buyer for each animal showing the results of all health tests made in preparation for this sale as required by the state where the cattle reside. Other health tests completed for this sale will be disclosed.

ERRORS: The material in this catalog has been carefully edited. If any errors or omissions are discovered, they will be announced. Such announcements take precedence over that printed in this catalog.

ACCIDENT: The sale management, the consignors, and the owner of the grounds will not be responsible in any case for the condition of the grounds or the behavior of the animals and disclaim any liability in the event of personal accident or property loss.

LIMITATIONS OF WARRANTIES: Warranties contained herein, unless terminated earlier, will cease upon the resale of an animal.
