Welcome to Gamechanger #5

For us, there has been nothing more satisfying than breeding and selling cattle that perform well for their new owners. Many of the recent consignment sales have featured cattle with Pen-Col breeding that sell for top prices bringing success to their owners. For the AI studs we are pleased to see the official “top 200 TPI genomic young bulls “ just released, the Pen-Col prefix appears on 13 of top 41 (32%) of this popular list. AI centers have been our partners and we wish them success with these young bulls.

Often, we are asked how we accomplished breeding chart toppers from Pen-Col and other herds that have purchased Pen-Col cattle. The answer is that it all starts at the beginning, with high genomic donors that are prolific ova producers. This sale features exactly that.

Josey and I would like to wish you a Merry Christmas and happy and profitable new year. We would also like to thank our employees, friends and neighbors for their help during a very challenging time.

Sincerely, Denny and Josey
