Join us June 16-19, 2027 for the National Milking Shorthorn Convention in Marshfield, Wi!

Some of the things to look forward to:

- National Junior Heifer Show
- National Sale with a fun auction
- Farm Tours with the feature tour at Elm-Roc Dairy, Neillsville, Wi
- Activities and tourist attractions for all ages
- Junior activities

Terms & Conditions

Terms: The terms are cash or check on sale day payable to sale management in U.S. funds unless other arrangements are made with the consignor prior to the sale. All payments must be made to the clerk of the sale and no release of animals will be given until satisfactory settlement has been made. The guarantees listed below shall be offered by the seller only after payment terms have been met by the purchaser.

Bids: The highest bidder shall be the buyer. In case of dispute, the animal shall again be put up for advance bids and if there is no advance bid, the animal shall be sold to the person from whom the auctioneer accepted the last bid. Every animal is pledged to absolute sale, except that an animal which has become sick or unfit to offer for the sale may be withdrawn by the seller or sale management. By-bidding by owner or on their behalf is prohibited, unless disclosed upon entering the sale ring. Co-owners in animals consigned by partnerships or syndicates shall have the rights to bid on such animals. Every animal must be transferred to the new owner and may not be transferred back to the seller.

Risk: All animals are at the purchaser's risk as soon as struck off, but will be cared for free of charge for a reasonable length of time.

Health Certificates: Each animal shall be accompanied by an official health certificate approved by the livestock sanitary official of the state of origin. Every effort will be made, however, for the seller of such animal to have met the health requirements of all possible states of destination. While all cattle will have met standard health requirements regarding TB, Bangs, and anaplasmosis, it would be well for prospective bidders to familiarize themselves with local requirements, which may be stricter. Before shipping cattle into some states, it is necessary to obtain a permit from the livestock sanitary official of the state into which the cattle are being shipped, and since no charge is usually made for a permit, it may expedite the shipping of cattle if intended purchasers secure their permits before the sale. Results of any future health tests are not guaranteed.

Certificates: Each animal is recorded, or will be recorded, in the Herdbook of the society. The certificate of registry with recorded transfer will be furnished by the seller to the purchaser when payment is made in full, free of charge.

PEDIGREE INFORMATION: All production, classification, type and production summaries are current. All records, except records in progress are shown on crude protein scale. Only records recognized by the Society are acceptable for pedigrees are used in the pedigree contained herein.

ERRORS: If any errors or omissions are discovered, they will be announced from the auction stand, such announcements to take precedence over the matter of print in this catalog. Neither the editors of the catalog, the sale's management, nor the consignors can assume any responsibility for any errors or omissions in the catalog.

WARRANTIES:

1. The consignor guarantees right and clear title to property.
2. Unless otherwise noted in the catalog or announced from the auction stand, each animal is sold as sound.
3. Each animal is sold as a breeder subject to the following conditions:
4. Heifers that have never calved in are in no way guaranteed as to the condition of their udders following calving. No guarantee is made concerning freedom from hardware unless so announced.
5. Above warranties cease when the animal is disposed of by the original purchaser.
6. Transportation charges on all animals subject to adjustment shall be split between the buyer and the seller.
7. The Buyers is hereby notified that all cattle are being sold as not warranted as being free of Johnes Disease excepted where noted.
8. If, after the sale, embryos or oocytes are recovered from a female or an attempt is made to super ovulate her. this negates the breeding warranty unless their is a separate written agreement between buyer and seller.

FEMALES: Any female pregnant when sold or that has freshened within 45 days of date of sale shall be considered a breeder. Females bred when sold are presumed to be pregnant, but pregnancy is not guaranteed. Should any female not pregnant when sold, after reaching the age of 21 months, fail to become pregnant within four months having been bred to a bull known to be a breeder and having been treated by a competent liscensed veterinarian, the matter shall be reported in writing to the consignor, who shall then have the privilege of three months time in which to prove the animal a breeder before refunding the purchase price or making other satisfactory settlement to the buyer. The consignor makes no warranty that pregnant cows will deliver live calves, nor that they will carry calves full term, nor does he guarantee that the calf carried will not be mummified. In no case shall the seller be responsible for more than the sale price of the animal.

RESPONSIBILITY: In submitting the entries and in selling the animals listed in this sale, the consignors subscribe to the various regulations and warranties as set forth above and assumes full responsibility for his cattle. In no case, however, will the consignor be responsible for any damage beyond the selling price of the animal. The sale manager assumes no responsibility, acting only as agent, but will endeavor to protect the interest of both buyer and seller.

ACCIDENTS: The sale director, auctioneers, and owners are not in any way responsible for the condition of the grounds nor the behavior of the animals beyond reasonable care and precaution and disclaim any liability in the event of personal accident or property loss.

Notes

Thank You!

Please bring this catalog to the sale!
