WELCOME!

30 Years! Welcome to everyone, near and far, to celebrate 30 years at Smith-Crest Holsteins! Travis, Holly, Leah, Hattie, and Blake hope you enjoy the sale lots, consignments, clinics, and the farm as much as we have enjoyed putting this event together. From deep pedigrees to show potential, there will be something for everyone! #TeamSmithCrest has curated lots that feature Gold Medal Dams, World Dairy Expo winners, and champions of various breeds to help you achieve your goals.

While Smith-Crest is celebrating 30 years, its history dates back to 1938, when Warren and Florence Smith began milking cows in New Berlin. The Smith family, under the prefix of City-View, moved to Watertown in 1960 due to development. When they purchased the property, the family also needed to acquire 5–10 Guernsey cows in order to have their milk picked up and processed at Golden Guernsey Dairy in Waukesha. Along with their parents, Wayne, Russell, and Marvin transitioned the herd, becoming respected and well-known Guernsey breeders. As time passed, change called again when the family homestead was purchased through referendum for the current Watertown High School. So, in May of 1992, along with the third generation of Smiths, the family settled in their current location in Watertown.

As the next generation looked to the future, Marvin and Becky (Wolter)'s sons, Matt and Travis, had the itch to expand their show herd and focus on Holsteins. Together, the boys moved their herd to Juneau, where they milked and showed cattle across the country. After returning to the home farm in 2008, Matt and Travis both married and started their families while continuing to excel in their home breeding and showing programs. Following a successful sale with Kranzdale in 2012 and an expansion of the show barn—adding six additional box stalls and larger tie stalls for show cattle—their boarding business accelerated. As life evolved, Travis took over the Smith-Crest prefix in 2018, along with his wife Holly and children, Leah, Hattie, and Blake, and they continue to operate as you see today.

Travis and Holly were unsure what the future would hold but knew they wanted to continue working with elite cow families and partners in the industry who shared the same goal—dedication to perfection. They expanded the boarding program, began catering to donor dams, and worked to build a strong reputation for excellence in the show ring. In 2025, Smith-Crest invested in an on-farm IVF facility, allowing for greater embryo creation and improved donor cow comfort. Today, Smith-Crest has an export market that spans the globe.

In addition to the home farm expansion, the Smiths have earned numerous All-American and Junior All-American honors across various breeds. A highlight includes their first World Dairy Expo Champion, Springhill Kojack Uno-ETV, owned with the Melander and Ling families. Uno was named Reserve Grand Champion in 2021 and 2022, and Grand Champion in 2023 and 2024. Her offspring continue to be competitive, including a son, Unos JD Unanimous, who sired the 2025 Reserve Junior Champion of the Junior Show at World Dairy Expo. Smith-Crest was also awarded two Star of the Breed Awards in 2016 and 2017 with Miss Hot Mama-Red-ET and Smith-Crest-TW SH Virgie-ET. Clients, partners, and tie-ins have all enjoyed purple-banner days with the world-class #TeamSmithCrest supporting them in the show ring.

As we look to the future and the next 30 years, Travis and Holly are excited to share their passion and drive for the dairy industry with their children, Leah, Hattie, and Blake. Mom and Dad are so proud of you—being your parents is our greatest blessing. The Smith-Crest Holsteins brand is just getting started, and we are excited to share some of the best we have to offer today! Thank you to everyone who has supported us through the years—there are too many to count! Thank you for trusting us with your animals, for the kind words on a bad day, and for the encouragement to keep going. None of this would be possible without our incredible support system.

Thank you to our families for supporting our hectic and often crazy schedules, planning birthdays and even weddings around show season. Thank you to the dairy industry, and most importantly, the COWS—through them, we have experienced both the most beautiful and the most heartbreaking moments. They remind us that, with our spectacular God, anything is possible.

Cheers to 30 Years!!!

The Smith Family Travis, Holly, Leah, Hattie, and Blake

WELCOME!

Ladinodale Holsteins is rooted in a long-standing tradition of dedication and passion for great dairy cattle, homesteading the farm in Hartford, WI, in 1865. In 2011, our parents, Dennis and Nikki, made the difficult decision to sell the milking herd in Theresa, Wisconsin, and return to the original homestead, setting the stage for the next chapter our family's journey.

From there, Matthew and Elizabeth began acquiring and developing show heifers, building the foundation of the program you see today. In 2017, we exhibited our first Junior All-American and Reserve All-American heifer, Ladinodale Avaln Alayna-Red, a milestone that helped shape our vision moving forward. Following that success, the focus expanded into growing a boarding operation, now caring for numerous heifers throughout the year.

Elizabeth continued to deepen her involvement in the industry, joining Smith-Crest as the herdsman following her graduation in 2023, while the home farm has remained the center of the heifer boarding program and daily heifer care.

We are incredibly grateful to our parents, Dennis and Nikki, for their unwavering support in our dreams, and to the many mentors who have guided us along the way. Their influence has been instrumental in shaping both our program and our knowledge of the industry. As Elizabeth completes her final year as a junior member, we reflect on the friendships, experiences, and opportunities that have come from being involved in this special business.

One of the highlights of that journey was exhibiting Lazy M Money Laundering as last year's Reserve Supreme Champion at World Dairy Expo, an achievement that reflects the dedication and progress made over the years. While our time as junior members comes to a close, we are excited for what lies ahead as we continue to grow and expand our program at the home farm.

We are very proud of the offerings in this sale and the cow families that are represented. We extend our sincere thanks to our consignors for their trust and commitment, and we wish all buyers success with their purchases.

Thank you for your interest and support,

Matthew & Elizabeth

HOLSTEIN ASSOCIATION TERMS AND CONDITIONS FOR PUBLIC SALES

EFFECTIVE MARCH 2, 1996 - Amended October 1, 1997, June 28, 2000, June 23, 2002, March 26, 2010 and March 24, 2016

TERMS: The terms of the sale are cash unless arrangements are made prior to the sale or are printed in the sale catalog. Only when the above conditions are met will the buyer be entitled to the warranties listed below. In no case will animals be released unless settlement is made with the clerk of the sale.

RESPONSIBILITY: The seller, buyer, and manager of this sale are obligated to comply with the provisions of these terms and conditions.

EXPORT SALES: Buyer assumes all responsibility for health tests required by the importing country.

BIDS: The highest bidder is the buyer. Bidding parties or their agents are responsible for all bids placed. Every animal or lot presented for bidding is pledged to absolute sale. In case of dispute, the animal or lot will again be put up for advance bids, and if there is no advance bid, the animal or lot will be sold to the person the auctioneer accepted the last bid from. In case two or more claim the bid, the auctioneer will indicate the party whose bid he recognized. Other claimants will be given an opportunity to increase the bid and bidding will be restricted to the two or more claimants.

BY-BIDDING: Bidding directly or indirectly by the sole owner of any animal or lot is prohibited unless the intention to bid is disclosed specific to each animal in the catalog and announced when the animal enters the ring. Bidding by any member of a partnership, syndicate, or other entity having an ownership interest in an animal or lot is permitted.

TRANSFER OF OWNERSHIP: For all Registered HolsteinsSM, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA and a certificate of registration showing that transfer of ownership will be provided to the buyer free of charge. For embryos, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA free of charge to the buyer.

RISK: All animals located at sale site are at the purchaser's risk as soon as struck off, but will be cared for free of charge for a maximum of 24 hours following the end of the sale.

WARRANTIES:

- 1) Each consignor warrants clear title to the animal or lot, and the right to sell same.
- 2) To the best of the seller's knowledge, each animal is sound and healthy in every respect and embryos have been recovered, processed, frozen, transferred and graded in keeping with IETS recommendations unless otherwise noted in the catalog or announced from the auction stand. Every precaution will be taken to represent the physical condition of each lot exactly as is known. Examination of all purchases should be made immediately after the purchase and before the close of the sale, and if found not to be as represented, complaint must be reported to the sale management before the close of the sale. In the event no complaint is filed, it is understood that the buyer assumes full ownership in the case of animals at sale site together with all risks, after which no representations of the seller can be challenged through the sale management. Heifers that never calved are in no way guaranteed as to the condition of their udders following calving. The sex of an embryo or fetus is in no way guaranteed.

3) Breeding Warranty

The seller guarantees all animals to be breeders, but not beyond the purchase price, with the following understanding:

- a. Males - Should any bull after reaching the age of fourteen months fail to prove a breeder after being used for two months on cows or heifers known to be breeders, the matter shall be reported in writing to the seller within three months of the sale date. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed,

by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller. The seller makes no guarantees with respect to the ability to freeze semen.

- b. Females - All females are guaranteed to be breeders with the exception of:

1. Cows over 7 years of age when sold;
2. Cows and/or heifers carrying a pregnancy that is the result of an embryo transfer.

Report of a non-breeder must occur in writing within 3 months of the date of sale or before the animal reaches 21 months of age and must be submitted to the seller. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed, by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller.

Females bred when sold and pronounced in calf are presumed to be pregnant but pregnancy is not guaranteed unless so announced. The seller makes no warranty that pregnant cows will deliver calves or that they will carry calves full term.

- c. If, after the sale, embryos or oocytes are recovered from a female or an attempt is made to superovulate her, this negates the breeding warranty unless there is a separate written agreement between buyer and seller.

SHIPPING: Assistance will be given in arranging shipping of the animals after the sale. All costs, risks and responsibility will be borne by the purchaser.

PEDIGREE INFORMATION: All production, classification, type and production summaries are current. Only information recorded on Holstein Association USA pedigrees is used. Any production or classification records supplied by the seller or consignor will be properly identified as provided by owner. Records in progress are identified as such.

GENOMIC INFORMATION: If genomic information on the animal or embryo is available, it must be dated and disclosed at or before the time of sale.

EMBRYO TRANSFER: All registered animals that have resulted from embryo transfer are identified with one of the following suffixes in the name: ET, ETS (from split embryo), or ETN (from nuclear transfer). If unregistered, the appropriate technology will be identified. Donor dams are identified.

HEALTH WARRANTY: The seller will provide an official health certificate to the buyer for each animal showing the results of all health tests made in preparation for this sale as required by the state where the cattle reside. Other health tests completed for this sale will be disclosed.

ERRORS: The material in this catalog has been carefully edited. If any errors or omissions are discovered, they will be announced. Such announcements take precedence over that printed in this catalog.

ACCIDENT: The sale management, the consignors, and the owner of the grounds will not be responsible in any case for the condition of the grounds or the behavior of the animals and disclaim any liability in the event of personal accident or property loss.

LIMITATIONS OF WARRANTIES: Warranties contained herein, unless terminated earlier, will cease upon the resale of an animal.
