Online at www.Cowbuyer.com-Bidding closes at 7 PM CST on April 19th

Selling price is per Embryo or per Lot. Buyer is responsible for all costs of shipping expenses. This auction will utilize an auto-extend, soft closing. With this feature, the bidding will close on ALL lots at the same time. Bidding will start to close from 7 pm to 7:02 CST if any lots receive a bid in the last minute of bidding they will extend bidding on that specific lot for an additional 2 minutes. Once 2 minutes have lapsed without any bidding activity, then ALL lots will close.

MS Kress-Hill *Sapphire* -Red-ET

Some cows make an impact—Sapphire changed our program.

Bred and developed at Kress-Hill Dairy, Ms Kress-Hill Sapphire-Red-ET represents the vision, cow families, and breeding decisions that define our herd. She is not just a great one—she is one we bred, making her influence a direct reflection of our program.

Sired by Avalanche and backed by the influential Sunny family, Sapphire came from a foundation built on consistency, longevity, and proven genetics. From a young age, she stood out for her balance, style, and presence—qualities that would soon set her apart on the biggest stage.

In 2018, Sapphire captured international attention when she was named Supreme Junior Champion of the World Dairy Expo Junior Show, along with Junior Champion honors in both the Open and Junior International Red and White Shows. That moment not only defined her show career, but also marked a turning point for the Kress-Hill prefix on a national level.

While her success in the show ring was unforgettable, Sapphire's greatest impact has come through her ability to transmit. She was the #1 PTAT Red & White cow from 2017–2019, and her daughters have continued to validate her influence with more than 30 All-American and Junior All-American nominations and over 17 Champion and Reserve Champion banners. Her offspring have consistently competed—and won—at World Dairy Expo and shows across the country.

Today, Sapphire stands as a true foundation cow within our program. Her influence continues to expand through the next generation, delivering the kind of consistency, type, and marketability we strive to produce.

The cattle and embryos in this offering are built from the same cow families that define our program—including Sapphire. Her influence runs deep throughout this lineup and is reflected in the kind of cattle we are proud to stand behind.

The Foundation Behind the Future

Every great cow family starts with a decision—and for us at Kress-Hill Dairy, that decision was Sunny.

Purchased in the spring of 2012 as a young calf, Siemers Destry Sunny-Red-ET became the cornerstone of our breeding program. At a time when we were building our herd and investing in registered genetics, Sunny provided the foundation we needed—combining pedigree, potential, and long-term impact.

Backed by a VG-85 Advent dam followed by multiple generations of Excellent cows, Sunny brought a depth of pedigree that aligned with our goal of building consistency through strong maternal lines.

As she matured, it became clear she was more than just a good investment—she was a cow that could move our program forward.

Sunny developed into an EX-93 2E cow with a best record over 32,000M, 3.7% fat, and 3.1% protein, proving she could perform both in the show ring and in the tank. She earned 6 Junior All-American nominations (all in milk) along with 4 Produce of Dam nominations, and was named Reserve Senior & Reserve Grand Champion of the Wisconsin State Red & White Junior Show.

While her individual success was impressive, Sunny's greatest impact came through her ability to transmit. Through an aggressive IVF program, she was flushed extensively, creating a deep and influential group of daughters that continue to shape our herd today. Her consistency as a donor established a cow family known for type, balance, and reliability.

From those matings came one of the most influential cows we have ever bred—Ms Kress-Hill Sapphire-Red-ET—along with numerous other daughters that have contributed to the strength and growth of our program.

Today, a significant portion of our herd traces back to Sunny, and her influence continues to expand with each generation. The longevity, consistency, and transmitting ability of this family is what we strive to replicate—and what we are proud to build around.

Sunny was more than a great cow—she was the foundation.

Backed by the past. Built for the future. And the start of it all at Kress-Hill Dairy.
