- 7J is a homozygous polled daughter of TRM Hostess 2019, who has been the most productive cow I have ever owned. She currently has a WW ratio of 8 @ 114.5. At 10 years old she still weans off one of the heaviest calves every year, and is very youthful. 7J is sired by WHR 4013 830C Beefmaker 780F who was part of the reserve champion pen of bulls for Whitehawk Ranch at the 2020 NWSS. - This first time heifer was a full sib to one I sold at Agribition two years ago. This young cow is a breeder's dream. She is a daughter of the famed C STOCKMAN out of the SANDHILLS U33 cow. To have numbers and this type of power and pedigree is amazing.
- She has her bull calf alongside, Lot 36A DAY RECON 1H 71K (P44358501) calved on 5/22/22, by BF RECON 1H ET (P44108925), the bull we partnered with David Burns on. She was accidentally bred early, but did an awesome job with an unassisted birth.
